Summary
These proceedings include the Minutes and 23 papers presented at the 33rd meeting of CIB Commission W018 – Timber Structures, held at Delft in August 2000.

The papers are organised according to the following themes:
- Limit state design
- Timber Joints and Fasteners
- Laminated Members
- Trussed Rafters
- Structural Stability
- Fire
- Structural Design Codes

Table of Contents
0. List of Participants
1. Chairman’s introduction
2. Co-operation with other organisations
3. Limit state design
4. Timber Joints and Fasteners
5. Laminated Members
6. Trussed Rafters
7. Structural Stability
8. Fire
9. Structural Design Codes
10. Any other business
11. Venue for Next meeting
12. Close
14. Current list of CIB-W018 Papers

**Application**
The Proceedings investigate different aspects of Timber Structures.

**Target Group**
The Publication is of special interest to researchers in the area of Timber Structures.

**Format**
A4, illustrated, 358 pp.

**Price**
CIB members: 35 Euro

**Order from**
