Forthcoming Meeting

W062 - Water Supply and Drainage for Buildings

27th International Symposium

17th – 20th September 2001, Portoroz, Slovenia

Please find below the call for papers and further information on Working Commission W062 "Water Supply and Drainage" 27th International Symposium to be held in Portoroz, Slovenia on 17 – 20 September 2001.

Call for papers

You are invited to submit an abstract for consideration by the Scientific Committee. All abstracts must be in English and should not exceed 300 words. In the considered area, i.e. water supply (cold and hot) and drainage (waste and rainwater) for buildings, papers addressing the following topics are to be encouraged:

- performance of building materials and systems: durability (corrosion,...), effect on water quality (Legionella, lead pipes,...), comfort (noise, waiting time,...), costs (productivity,...),...
- sustainable construction: water conservation (water economy, use of other sources than

drinking water,...), life cycle analysis, individual waste water treatment,...

- standardization (CEN,...) and certification
- mathematical modelling
- water hammer: analysis and solutions
- water transport phenomena in porous materials: (soil infiltration, filtering,...)
- innovative industrial developments

Submission must be sent as a Microsoft Word file (*.doc) or as a Rich Text Format file (*.rtf) by e-mail to: cibw62@uni-mb.si

Please do not fax the abstracts! For Instructions to Authors please see the Symposium website at <http://www.fg.uni-mb.si/cibw62>
