TG28 – Dissemination of Indoor Air Sciences

Extension Mandate

This Task Group has been granted a 1-year mandate extension until the end of 2003 in a decision made at the October 2002 CIB Programme Committee meeting in Budapest, Hungary.

TG28 Scope and Objectives

- To focus on developing methods and activities/events for the transfer of the available scientific knowledge about Indoor Air Quality/Healthy Buildings to the building and construction community.
- To ensure that Hygiene, Health and the Environment are incorporated in the planning of new and in the rehabilitation of old buildings.
- To identify Target Groups to whom the knowledge should be addressed.
