## Programme for the Task Group Meeting in Helsinki

### Introduction

By this invitation we invite all CIB-members, conference-participants and those who are just interested in the issues of our Task Group TG23 'Culture in Construction' to attend the task group meeting during the CIB Helsinki conference in June 2005.

As the culture-issue is of increasingly importance due to the globalization influences and worldwide 'rethinking' activities within the construction branch, we want to use this opportunity to stimulate a lively discussion, presenting the state-of-the-art of our TG activities, and discussing future developments of our Task Group.
