

INTERNATIONAL COUNCIL FOR RESEARCH AND INNOVATION IN BUILDING AND CONSTRUCTION

# INFORMATION

September 2005

## CIB Encouraged Journals

### Overview

By the CIB General Secretariat

CIB officially encourages a select number of international journals. Below a brief introduction to all CIB Encouraged Journals as per September 2005; mentioning scope & objectives, the respective clickable websites for further information on the journal and subscription rates.

#### Building Research & Information

Publisher: Routledge - Taylor & Francis Group  
Editor(s): Richard Lorch

Format: Print and Online  
Issues per year: Volume 33, 2005, 6 issues per year  
Subscription rates: 2005  
Institutional: US\$1121 /  
£678; Personal: US\$422 / £259; Society rate: US\$99 /  
£60

CIB preferential rates: a preferential rate is available to accredited individual members of ANZAScA, BIAT, CIB, CIBSE, CIOB, iiSBE, IstructE, RIBA, RICS, SBSE & UCIB.)

URL: [www.tandf.co.uk/journals/titles/09613218.asp](http://www.tandf.co.uk/journals/titles/09613218.asp)

#### Scope:

It brings together current issues from around the world and aims to make a range of material accessible to all: from high in-depth original research papers, reviews of projects and case studies to information on current research projects; comments on previous contributions; discussions on the wider context of research, innovation and education policies and strategies along with a diary of international events. Some issues are themed by topic.

## Construction Management and Economics

Publisher: Routledge - Taylor & Francis Group  
 Editor(s): Dr. Will Hughes  
 Format: Print and Online  
 Issues per year: Volume 23, 2005, 10 issues per year  
 Subscription rates: 2005 Subscription Rates  
 Institutional: US\$2128 / £1298; Personal: US\$551 / £334  
 URL: [www.tandf.co.uk/journals/titles/01446193.asp](http://www.tandf.co.uk/journals/titles/01446193.asp)

### Scope:

Construction Management and Economics is one of the leading international refereed journal that publishes original research concerning the management and economics of building and civil engineering, while also including the management of built facilities.

## Applied Acoustics

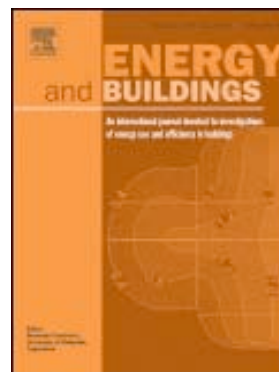

Publisher: Elsevier  
 Editor(s): K. Attenborough  
 Established: 1968  
 Issues per year: 2005, Volume 66, 12 issues  
 Subscription rates: Institutional price:  
 USD 1,941 for all countries except Europe and Japan;  
 JPY 230,400 for Japan;  
 EUR 1,736 for European countries  
 URL: [www.elsevier.com/locate/apacoust](http://www.elsevier.com/locate/apacoust)

### Scope:

The Journal is concerned with application of acoustics in its widest sense. It is intended for engineers and scientists concerned with the design of buildings with active and passive noise control and with structural and computational acoustics and vibration.

## Energy and Buildings

Publisher: Elsevier  
 Editor(s): B.B. Todorovic  
 Established: 1978  
 Issues per year: 2005, Volume 37, 12 issues  
 Subscription rates: Institutional price:  
 USD 1,526 for all countries except Europe and Japan;  
 EUR 1,365 for European countries; JPY 181,200 for Japan  
 URL: [www.elsevier.com/locate/enbuild](http://www.elsevier.com/locate/enbuild)

### Scope:

Energy and Buildings is an international journal publishing articles with explicit links to energy use in buildings. The aim is to present new research results, and new proven practice aimed at reducing energy needs of a building and improving indoor environment quality.

## Automation in Construction

Publisher: Elsevier  
 Editor(s): Y.E. Kalay (Architecture), M.J. Skibniewski (Construction Technologies and Engineering)

Established: 1992

Issues per year: 2005, Volume 14, 6 issues

Subscription rates: USD 640 for all countries except Europe and Japan; JPY 76,000 for Japan; EUR 573 for European countries

URL: [www.elsevier.com/locate/autcon](http://www.elsevier.com/locate/autcon)

Scope:

The journal will publish refereed material on all aspects pertaining to the use of Information Technologies in Architecture, Engineering, Construction Technologies and Maintenance and Management of Constructed Facilities. The is broad, encompassing all stages of the construction life cycle from the initial design and architecture, through to the actual construction of the facility, the maintenance and control of it as well as the eventual dismantling of buildings and engineering structures.

### Engineering, Construction and Architectural Management

Publisher: Emerald Group Publishing Limited

Editor(s): Prof. Ronald McCaffer

Format: Print and Online

Issues per year: Volume 12; Print issues - 6 issues;

Dispatches - 6 dispatches;

Internet issues - 6 Internet issues.

Scope:

This journal publishes research in all areas of construction; building, civil engineering, major infrastructure and maintenance. Construction management is also covered; project management including design and construction processes, the management of construction companies and architectural practices, and industry developments from a national and international perspective.

### ITcon – Electronic Journal of Information Technology in Construction

Publisher: ITcon is published by the CIB and indexed in ICONDA and the ITC Digital Library.

Editor in chief: Prof. Bo-Christer Bjoerk

Editor(s): Prof. Charles M. Eastman, Prof. Ziga Turk, Dr. Dana J. Vanier.

Established: 1995

Format: on-line

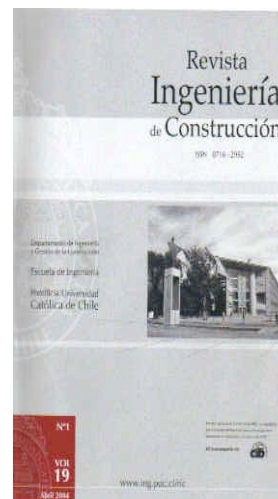

Subscription rates: electronic edition of ITcon is free

URL: [www.itcon.org/](http://www.itcon.org/)

Scope:

ITcon is a peer-reviewed scholarly journal on the use of IT in construction. Articles are submitted and published electronically. Readers' license is limited only as required to insure fair attribution to authors and the journal, and to prohibit use in a competing commercial publication.

### Revista Ingeniería de Construcción

### (Journal of Construction Engineering)

Publisher: Departamento de Ingeniería y Gestión de la Construcción, Pontificia Universidad Católica de Chile

Editor(s): Prof. Alfredo Serpell

Established: 1986

Issues per year: three times a year

Subscription rates: Chile Pricios Ch\$ (IVA incluido) 3 numeros 30.000, 1 edicion 12.000, articulo completo

 Developing World ROW £110. Single Issue EU £ 60; US\$ 110; ROW £ 70.  
 (Canadian customers, please add 7% GST  
 URL: [www.constructioninnovationjournal.com](http://www.constructioninnovationjournal.com)

#### Scope:

The journal reports on construction innovations in information, process, technology and management. It focuses on innovation and aims to combine technology, process and people, thus unfolding a coherent picture of a future construction vision.

### Open House International (OHI)

Publisher: Open House International Association  
 Editor(s): Prof. Nicholas Wilkinson  
 Established: 1976  
 Format: Print  
 Issues per year: publishes quarterly in March, June, September and December  
 Subscription rates: Institutions 100.00 GBP or 160.00 US\$; Practices 55.00 GBP or 88.00 US\$;

Scope:

The journal intends to act as a bridge between advances being made in computer and information technologies and civil and infrastructure engineering. The journal specially focuses on recent advances in computer technologies and fosters the development and application of emerging computing paradigms. The primary focus of the journal is novel computational modelling.

### Journal of Fire Protection and Engineering

Publisher:

Sage Publications in association with Society of Fire Protection Engineers

Editor(s): Ronald L. Alpert

Format: Print and E-access

Issues per year: Quarterly (February – May – August – November)

Subscription rates: Institutional subscription Print & E-access £280; E-access £266; Print only £268,80.

URL: <http://jfe.sagepub.com>

Scope:

The Journal of Fire Protection Engineering provides fire protection engineers and other fire safety professionals with information on the most advanced methods and research data in a form that allows for immediate application to engineering problem solving.

### Architectural Engineering and Design Management

Publisher: James & James (Science Publishers) Ltd

Editor(s): Prof. Dino Bouchlaghem; US associate editor

Assoc. Prof. Godfried Augenbroe

Established: 2004

Format: Print

Subscription rates: 2005 Institutional £195 or \$325 / Personal £95 or \$160

URL: [www.earthscan.co.uk/defaultAEDM.asp](http://www.earthscan.co.uk/defaultAEDM.asp)

Scope:

The journal examines specific topics on architectural technology, engineering design, building performance and building design management to highlight the interfaces between them and bridge the gap between architectural abstraction and engineering practice.

### Journal of Housing, Building and Planning

Publisher: School of Housing, Building and Planning, Universiti Sains Malaysia

Editor(s): Abdul Rashid Abdul Aziz, *Ph.D.*, *Assoc. Prof*

Established: 1994

URL: [www.hbp.usm.my/jhbp/](http://www.hbp.usm.my/jhbp/)

**Scope:**

The Journal of HBP is a multidisciplinary journal concerned with research issues in housing, building and planning. It publishes original articles which increase and disseminate knowledge regarding matters pertaining to: housing, building, planning and environment issues

**The Journal of Financial management of Property and Construction**

Publisher: Glasgow Caledonian University

Editor(s): Prof Akintola Akintoye, Dr Jim Birnie

Established: 1995

Subscription rates: Institutional rate £140.00 (or US\$ equivalent) Personal rate £50.00 (or US\$ equivalent)

URL: <http://jfmipc.gcal.ac.uk/>

**Scope:**

The journal aims to provide an international forum bringing together theoretical and practical based developments and new thinking in the financial management of property and construction.
