International Council for Research and Innovation
in Building and Construction

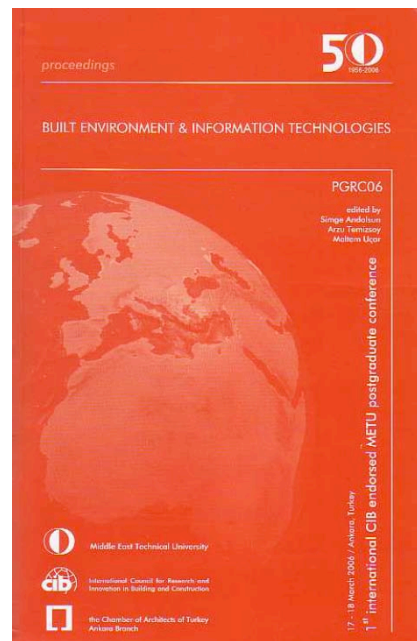

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

March 2006

CIB Endorsed Student Chapters

New Publication:

Built Environment & Information Technologies

Proceedings of the 1st International CIB Endorsed METU Postgraduate Conference, 17-18 March 2006, Ankara, Turkey

Editors: Simge Andolsun, Arzu Temizsoy & Meltem Uçar

ISBN 975-429-242-6

Summary

These are the Proceedings of the 1st International CIB Endorsed METU Postgraduate Conference: Built Environment and Information Technologies, held on 17-18 March 2006 in Ankara, Turkey. The 2005 Gyula Sebestyén Award Winner Middle East Technical University CIB Student Chapter organised this conference under the auspices of CIB and METU, Department of Architecture in Ankara, Turkey. The

conference was aimed to be the peak point of the award winner proposal entitled "Widening the Communication Network of CIB" by providing face-to-face interaction among the invited academicians, practitioners, researchers and students involved in the fields of Built Environment and Information Technologies. 60 papers and 10 posters were orally presented during the conference by the participants from 13 different countries to thus provide an international forum for discussing, learning and networking.

The proceedings, compiled herein under respective headings, mainly focus on the Built Environment from various perspectives.

Main Topics

Within the general area of concern, the publication embodies six parts:

- Information Technologies
- Education
- Design: Theory and Planning
- Management
- Environment - Sustainability - Performance Assessment
- History & Culture & Tradition

It will therefore be of interest to researchers, architects, engineers and practitioners interested in the field of Built Environment.

Format

The Proceedings are available as a Report (A5, illustrated, 786 pages) and on CD-ROM.
