in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

February 2007

Forthcoming Meeting / CIB Co-Sponsored Event

### SB07 Lisbon - Sustainable Construction, Materials and Practices "Challenge of the Industry for the New Millennium"

12-14 September 2007, Lisbon, Portugal

#### Introduction

The Conference SB07 Lisbon "Sustainable Construction, Materials and Practices: Challenge of the Industry for the New Millennium" will take place on 12-14 September 2007 in Lisbon, Portugal. This international conference aims to actively facilitate and promote the adoption of policies, methods and tools to accelerate the movement towards a global sustainable built environment.

The intention of the organizers is to give an opportunity to academics, scientists, engineers, architects, manufacturers and users from all over the world to come together in a pleasant location to discuss recent developments in the areas of sustainable construction, materials, practices and construction sustainability assessment.
