

## CIB NEWS ARTICLE

International Council for Research and Innovation  
in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

September 2007

### Forthcoming Meeting / CIB Co-Sponsored Event

November 9-11, 2007, Taipei

#### Introduction

The SB07 Taipei conference is a part of 2007 international serial conference organized by iiSBE in different regions of the world. At the same time, this conference is also the official conference of TSSBE (Taiwan Society of Sustainable Built Environment). The main focus of these conferences is to reflect regional differences and characteristics on the design and construction of Sustainable Buildings. The aim of the SB07 Taipei conference is thus to highlight the differences and characteristics associated with subtropical regions, and to help create a comprehensive overview for the global SB08 conference, which will be held in Melbourne, Australia, in September 2008.

#### Themes

The central theme of the conference is:

Green Building + Symbiosis = Sustainable Building

Sub-themes around which the conference sessions will be organised, are:

- Physical Environment:
  - Building environmental performance
  - Indoor environment quality
  - Healthy and hygienic buildings
- Living Environment:
  - Recycle living system and sustainable living style

- Sustainable site and building planning
- Culture, tradition and heritage toward sustainability
- Ecological Environment:
  - Biological environmental system
  - Symbiotic systems of co-living style
- Urban and Rural Environment:
  - Eco-community, eco-city and urban regeneration
  - Healthy and hygienic cities
- New Building Technology:
  - Management of sustainable construction
  - Ubiquitous living technology
  - Technologies of building renovation
- Policy/ Assessment /Case study:
  - Policy of sustainability
  - Building environmental assessment tools
  - Assessment case study
  - Education on sustainable living environment

#### Conference Program

The full conference program will be available at the conference website by October 15, 2007. Papers arranged for oral or poster presentations will also be available by October 15, 2007. At least one author of an accepted paper should register by September 30, 2007.
