

CIB NEWS ARTICLE

International Council for Research and Innovation
in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

September 2007

Forthcoming Meeting

W070 - Facilities Management and Maintenance

Achieving Healthy and Creative Facilities

Second Call for Papers

Heriot Watt University, Edinburgh, Scotland, 16-18 June 2008

By Dr. Eward Finch

Preparations are now well underway for next years CIB W070 conference in Facilities Management in Edinburgh, which looks set to attract an unprecedented number of CIB members in the CIB W070 fraternity. The conference website currently receives over fifty unique visitors daily.

Abstracts received so far cover topic areas as diverse as 'training for renovated energy efficient social housing'; 'strategic procurement of Australian schools'; 'sustainable housing in South Africa'; 'indoor air-quality of air-conditioned offices in Hong Kong'; 'cognitive dissonance in soft-FM'; 'best practice for the successful implementation of CAFM'; 'investigation of CAFM in intelligent buildings'. Countries represented

by abstracts submitted to date, include South Africa, South Korea, Australia, Austria, Brazil, Italy, Sweden, USA and many others.

The social events associated with the conference will make extensive use of Edinburgh as a historic and stimulating setting. Partners are more than welcome.
