TG57 - Industrialisation in Construction

Two-Year Mandate Extension

At its meeting in Copenhagen, Denmark on 7-8 October 2007, the CIB Board has decided to grant a two-year mandate extension of TG57 on Industrialisation in Construction.

Work Programme 2008-2009

The Task Group's work will focus upon completing a book with a detailed description of the worldwide State-of-the-Art of industrialisation in construction.

The core of this book is expected to consist of invited expert-papers on respectively:

- the contest for industrialisation in construction
- driving forces for industrialisation
- strategies and business models
- devices and tools
- products: new individualised industrialised building concepts

Additional Information
