in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

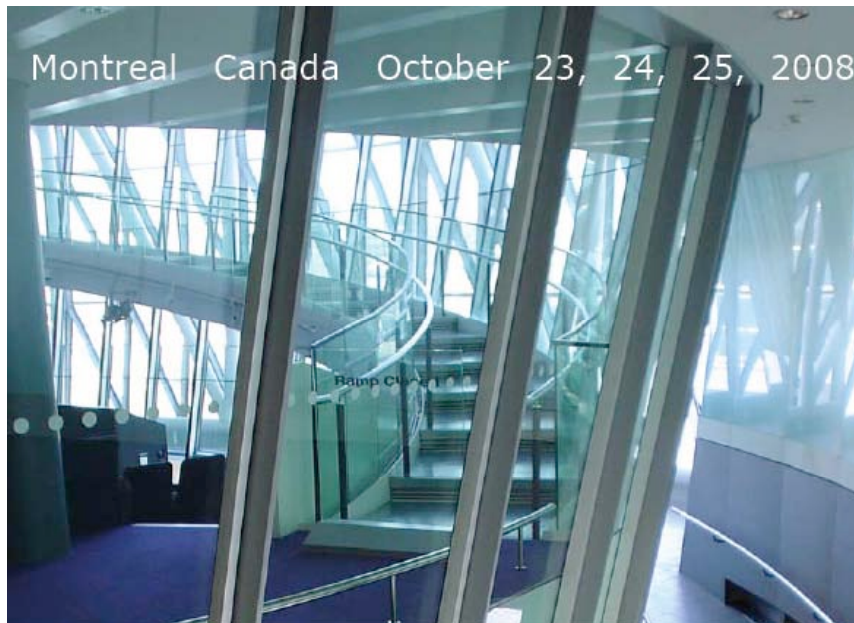

February 2008

Forthcoming Meeting

SECOND CALL FOR PAPERS

Joint CIB W092 / W107 / TG63

BUILDING ABROAD Conference-Workshop: Procurement of Construction Projects in the International Context

Montréal, Canada, 23-25 October 2008

The Conference-workshop 'BUILDING ABROAD' on Procurement of Construction Projects in the International Context will be organized by the IF Research Group in collaboration with i-Rec and the CIB and will take place at the Université de Montréal, Canada, October 23-25 2008.

CIB and Other Commissions

The Conference is supported by:

- CIB W092 on Procurement of construction projects
- CIB W107 on Construction in developing countries

- CIB TG63 on Disasters and the built environment
- the i-Rec network on post-disaster reconstruction.

The conference is intended for both academics and practitioners in the fields of:

- Architecture
- Project Management and construction management
- Urban planning and regional studies
- Engineering
- Construction
- Humanitarian aid, reconstruction and international development

Conference Themes

- Public: PPPs, infrastructure and community projects, public facilities, public competitions, institutional projects, etc.
- Private: private competitions, housing, commercial and industrial projects, tourism, etc.
- Humanitarian and development: humanitarian assistance, reconstruction, international development projects, cooperative projects, etc.

Within these 3 themes the following aspects will be considered: (i) Cultural and social, (ii) Project initiation and planning, (iii) Organisational and technical.
