Introduction New CIB Encouraged Journal

Journal of Civil Engineering and Management

Recently CIB granted the status of CIB Encouraged Journal to the *Journal of Civil Engineering and Management*; published by the Vilnius Gediminas Technical University, Lithuania.

About the Journal

Journal of Civil Engineering and Management formerly known as "*Statyba – Civil Engineering*" is published from 2002 instead of the previous research proceedings of Lithuanian high schools.

Aims and Scope

Journal of Civil Engineering and Management is a peer-reviewed quarterly journal, which provides an international forum for the dissemination of the latest original research, achievements and developments in all areas of civil engineering and management.

The journal aims to provide a multidisciplinary forum for researchers, designers, users and manufacturers involved in the different fields of civil engineering and management.

Topics

Topics include, but are not limited to the following:

- building materials and structures,
- structural mechanics and physics,

- geotechnical engineering,
- road and bridge engineering,
- urban engineering and economy,
- constructions technology, economy and management,
- information technologies in construction,
- fire protection, thermoinsulation and renovation of buildings,
- labour safety in construction.

Publications published in Journal of Civil Engineering and Management are original articles presenting new information, case studies, major reviews and selected papers from latest important conferences. These publications provide essential ideas and information that will help for new scientific inquiries and improve competency, efficiency and productivity in world markets.

Abstracting / Indexing

The papers published in Journal of Civil Engineering and Management are abstracted / indexed by:

- COMPENDEX (Engineering Information database)
- GALE (Cengage Learning)
- INSPEC (database of Institution of Engineering and Technology)

- Cambridge Scientific Abstracts (Civil Engineering Abstracts, Engineered Materials Abstracts, Corrosion Abstracts, Mechanical and Transportation Engineering Abstracts, METADEX, Aerospace & High Technology Database, Computer and Information Systems Abstracts, Electronics and Communications Abstracts, Aluminium Industry Abstracts, Ceramic Abstracts, Copper Data Center Database, Advanced Polymers Abstracts, Composite Industry Abstracts, Materials Business File)
- EBSCO Publishing (Academic Search Complete, Current Abstracts)
- SCOPUS (Elsevier database)
- IRBdirect and ICONDA (the CIB international construction database)
- VINITI Abstracts Journal (Referativnyi Zhurnal –RZh)

Submission of Papers

For the Editorial Board, two manuscript copies of good quality and an electronic copy prepared by MS Word editor should be submitted.

The guidelines for authors could be found on the website: www.jcem.vgtu.lt
English is the language of articles.

Authors are encouraged to obtain assistance in the editing of their papers for proper use of English prior to submission. Papers should not normally exceed 12 Journal papers (about 8000 words) formatted according to the requirements. However, in a number of cases longer papers could be published.

All contributions are reviewed by two or more independent referees, to ensure accuracy and relevance. Papers under review, accepted for publication or published elsewhere are not accepted.
