### International Council for Research and Innovation in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

January 2009

## CIB PC Commendations 2008

The CIB Programme Committee awards the annual PC Commendations for extra ordinary performance in the CIB Programme of Activities for 2008.

Dr. Richard Fellows, University of Hong Kong, China PR, for his successful Coordinatorship during 1997-2008 of CIB Task Group TG23 and CIB Working Commission W112 both on Culture in Construction and for his contribution to the successful establishment of Culture in Construction as an acknowledged

field of science and research worldwide

Prof Dean Kashiwagi, Arizona State University, USA, who was initiator and joint Coordinator of CIB Task Group TG61 (Benchmarking Construction Performance Data) that after having accomplished its given tasks successfully now is upgraded into CIB Working Commission W117 (Performance Measurement in

Construction), while in 2008 TG61 mainly through his personal intervention attracted more new CIB Members than any other CIB Commission.

Mr. Paul Chynoweth, University of Salford, UK, who as joint Coordinator of CIB Working Commission W113 (Law and Dispute Resolution), has been able to energise this commission, through his personal intervention initiated the establishment of three more Task Groups in related areas and who in fact made CIB into an organisation that again is taken seriously related to law related research in Building and Construction.

Adj Prof John McCarthy, CRC for Construction Innovation, Australia and Dr Greg Foliente, CSIRO, Australia who were both main organisers of the Conference SB08 - Sustainable Building 2008 - in September 2008 in Melbourne; one of the biggest and most successful CIB related conferences in recent history.
