Proceedings from the CIB TG72 Symposium on Revamping PPPs - From 'Revisiting and Rethinking' to 'Revamping and Revitalising' PPPs. The theme of this symposium moves us from 'revisiting and rethinking' to 'revamping and revitalising' PPP. This theme aimed to reflect not only the background to the development of PPP, but also to look at the maturity in this public sector procurement policy.

The symposium has attracted a great deal of attention and we are delighted to have a total of 11 very high quality papers in this proceedings including the overseas keynote paper and 10 position papers from Australia, China, Denmark, Greece, Hong Kong SAR, Malaysia, Netherlands, South Africa, UK and USA.

The papers were reviewed by a panel of expert reviewers under the auspices of the Technical Committee. The submitted papers cover a wide spectrum of topics related to - revamping PPPs which may be categorized under the following four main areas:

- PPP Structures, Systems & Mechanisms
- Risk Management in PPPs
- Stakeholder and Sustainability Management in PPPs
- Selection of Partner Organisations and Key Personnel in PPPs
