CIB Encouraged Journals

Call for Papers

International Journal of Disaster Resilience in the Built Environment ISSN: 1759-5908

Editors: Dr Richard Haigh and Professor Dilanthi Amaratunga, University of Salford, UK

We are currently seeking papers for a CIB Encouraged new journal, "International Journal of Disaster Resilience in the Built Environment", which aims to develop the skills and knowledge of the built environment professions in strategic and practical aspects of disaster preparedness, rehabilitation and reconstruction to mitigate the effects of disasters nationally and internationally.

The journal will promote research and scholarly activity that examines the role of building and construction in anticipating and responding to unexpected events that damage or destroy the built environment, and reflect construction's ongoing responsibility towards the built environment's users.

International Journal of Disaster Resilience in the Built Environment is published by Emerald Group Publishing Limited. In addition to research and academic papers, editorials and reviews, the new journal will contain information on forthcoming events in the field and case study articles.

Coverage is international and includes (but is not limited to):

- Disaster prevention, mitigation, response and reconstruction
- Restoration of major infrastructure and rehabilitation
- Construction project management for post-disaster reconstruction
- Assessment of disaster-related damage
- Building resilience auditing
- Procuring and supplying temporary services and shelter
- Compensation and insurance
- Post disaster construction waste management
- Risk reduction and continuity management
- Linking reconstruction to sustainable economic development
- Participatory approaches to reconstruction
- Empowerment of women and vulnerable groups
- Project management for post disaster reconstruction

- Waste management and recycling after a disaster
- Knowledge management practices at different phases of the disaster lifecycle
- Financial management, governance and transparency
- Corporate social responsibility & law and regulatory frameworks
- Post conflict reconstruction
- Social impact of re construction
- Social infrastructures
- Corporate social responsibility & law and regulatory frameworks
- Post conflict reconstruction

Submissions to International Journal of Disaster Resilience in the Built Environment are made using Manuscript Central, Emerald's online submission and peer review system. Registration and access is available at <http://mc.manuscriptcentral.com/ijdrbe>. Full information and guidance on using Manuscript Central is available at the Emerald Manuscript Central Support Centre: <http://msc.emeraldinsight.com>.

For more details, please visit the journal homepage: www.emeraldinsight.com/ijdrbe.htm.
