Forthcoming Meeting

W101 - Spatial Planning and Infrastructure Development

Urban Infrastructure and Land Use Control

Annual Meeting and Workshop 2009

13 June 2009, Tokyo, Japan

CIB-W101 and the Global COE Program 'Global Center of Excellence for Sustainable Urban Regeneration' will be co-hosting a workshop on Urban Infrastructure and Land Use Control on 13 June 2009, at the University of Tokyo, Japan.

Topics

Topics in this workshop are:

- Provision of Public Services and Land Use Control
- Public Transport Revival and Development Control
- Smart Management of Urban Infrastructure in Shrinking Era
- Regulation and Deregulation on Urban Land Use, Success and Failure

A keynote speech will be delivered by Prof. Dr.-Ing. Michael Wegener (Spiekermann & Wegener (S&W) Urban and Regional Research) on:

- "Possible future transport and land use strategies for sustainable urban development in European cities":
 - Comparing the likely effectiveness of future transport infrastructure, travel demand management, transport pricing and land use policies, individually and in combination, to achieve those targets based on modelling studies.

Language

The language of this Workshop is English
