

CIB NEWS ARTICLE

International Council for Research and Innovation
in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

May 2009

New CIB Publication

W096 - Architectural Management

ISBN 978-1-4051-7786-3

Editors: Stephen Emmitt, Matthijs Prins and Ad den Otter

The book looks back at over a decade of research into architectural management, considers the present challenges and opportunities, and also looks to the future. It provides a review of earlier work and developments as well as setting the theme for new research areas. The book is divided into six sections representing topical themes, each section containing two research-based chapters and one practical case study. Case studies are from six European countries – Belgium, Denmark, Finland, The Netherlands, Norway, and the UK.

Architectural Management represents the state of the art of architectural management research and practice and includes contributions from leading international figures in this field/subject experts. Professor Stephen Emmitt and Dr. Matthijs Prins are coordinators of the CIB Working Commission W096

Architectural Management. Dr. Ad den Otter is press officer for CIB W096. All three editors are long-term members of CIB W096 and have published widely on aspects of architectural management.

Contents

The table of contents is divided in an introduction, references and the following six sections:
