

## CIB NEWS ARTICLE

International Council for Research and Innovation  
in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

August 2009

### Forthcoming Meeting

#### W098 - Intelligent and Responsive Buildings

### International Workshop: Intelligence in Assisted Homes

Crowne Plaza, Brugge, Belgium, 24 September 2009

In-HAM, Gits, Belgium, 25 September 2009

#### Introduction

On Thursday 24th and Friday 25th September, the BCDI (Belgian Centre for Domotics and Immotics), CIB Working Commission W098 and In-HAM (Innovation Centre in Housing for Adapted Movement) organise with the support of CIBSE Intelligent Buildings Group, the International Society for Telemedicine & eHealth (ISfTeH) and the European Health Telematics Association (EHTEL) an international workshop on "Intelligence in Assisted Homes". On Thursday 24th September the focus will be on assistive technologies: products on the market and view into the future. On Friday 25th September, a closer look will be taken at telehealth and tele-care.

#### Target Group

The target group of this international workshop consists of construction industry professionals (engineers, architects, builders) and the health care industry as well as health and social care organisations.

#### Fees

Day 1 (24th September): 150 €  
Day 2 (25th September): 100 €  
Full Conference package: 200 €

The above mentioned prices are VAT included. The full conference package price includes participation on both days, participation in presentations, materials, participants list, coffee breaks, lunch and gala dinner, visit of Bruges, bus transfer from and to Gits.
