CIB Student Chapter

New International Topic-Oriented Student Chapter

CIB W102 Information and Knowledge Management in Building Student Forum

CIB Working Commission W102 – Information and Knowledge Management in Building – is pleased to launch its Student Chapter, to be known as the CIB W102 Information and Knowledge Management in Building Student Forum, from June 2011.

Aim of the New Chapter

The new Chapter is a working group of PhD students (master and bachelor students are also encouraged to join) on topics related to Information and Knowledge Management in Building. The aim of the Chapter is to:

- exchange research themes, concepts, and findings
- develop collaboration on joint research topics
- disseminate the research through conferences, workshops and networking events.

Upcoming Events

The first event for the new Chapter's programme is the joint CIB conference W078 & W102 from 26-28 October 2011 in Sophia-Antipolis (France) - <http://2011-cibw078-w102.cstb.fr/>.
