CIB and CIB Sponsored Conferences in 2011

2011 was once again a successful year for CIB related events all over the world, many of them of great international recognition and contributing in setting the global agenda in their respective field. A selection of 11 CIB and 17 CIB Co-sponsored Conferences in 2011 is given hereafter.

The following three CIB Conferences are considered of special significance:

CIB W055/W065/W089 International Conference: Management and Innovation for a Sustainable Built Environment - MISBE2011, 20-23 June 2011, Amsterdam, The Netherlands

The Conference "Management and Innovation for a Sustainable Built Environment - MISBE2011" - stimulated and facilitated international cooperation and information exchange in building and construction research and innovation and technology development. The conference provided a challenging forum and vibrant opportunity for researchers and practitioners to share their research perspectives, research results and experiences on specific new challenges and emerging issues in practice.

World Sustainable Building Conference, 15-18 October 2011, Helsinki, Finland

The aim of the World Sustainable Building Conference in Helsinki was to share leading knowledge, and also to

find new solutions, which can enhance sustainable ways of living and working within built environments.

A global view of the industry and research was through presentations structured according to SB11 Conference topics supervised by an international scientific committee. These topics relate to built environments of the present and the future, and to developing countries and industrialized nations.

Joint CIB W078/W102 International Conference on Information Technology for Construction and Information and Knowledge Management in Buildings, 26-28 October, in Sophia Antipolis, France

The Conference was dedicated to the latest broad achievements in research, development, standardisation and industrial implementation of advanced Computing, Information and Communication Technology (ICT) and Knowledge Management (KM) in the Construction sector and the Built Environment.

Overview of 28 CIB and CIB Co-Sponsored Conferences in 2011

With inclusion of the above-mentioned selected CIB related Conferences and Symposia that took place in 2011, a total of these follows:
