March 2012

New CIB Publication

W070 – Facilities Management and Maintenance

W092 – Procurement Systems

TG72 – Public Private Partnership

Proceedings of the joint CIB W070, W092 & TG72 International Conference Delivering Value to The Community

Edited by

Associate Professor Kathy Michell, Professor Paul Bowen and Professor Keith Cattell

The conference was held in Cape Town, South Africa, January, 2012. It has been the first time Working Commission W070 has joined with W092 (Working Commission for Procurement) and TG72 (Task Group for PPP) to stage an International Conference with a theme embracing Facilities Management, Procurement Systems and Public Private Partnership. This concentration of international expertise and research exposure offered a unique opportunity to explore how the development, procurement delivery and management of built assets and facilities can deliver value to all stakeholders, including the wider community. There are more than a hundred papers accepted for presentation and publication. Credit for this achievement must go to the host institution, The University of Cape Town and efforts by the panel of international reviewers of abstracts and the full papers. Five to ten papers were presented for each of the thirteen sessions:

- Strategic Facilities Management
- Law & Contract
- Value Enhancement
- Inter-Organisational Relations & Supply Chain
- Work, Worker & Workplace
- Procurement
- Sustainable Facilities Management
- Public Private Partnership
- Case Studies in Facilities Management
- Organisational Strategy & Business Performance
- Maintenance & Maintainability
- Sustainability
- Operational Facilities Management
