Forthcoming Meeting

38th CIBW062 International Symposium on Water Supply and Drainage for Buildings

First Announcement

27th-30th August 2012, Edinburgh, Scotland, UK

Introduction

The Symposium takes place in Edinburgh, from August 27th to 30th 2012, and offers delegates an opportunity to showcase, or access, world-leading, industry-focused research and innovation. The event is open to all who have an interest in the field of water supply and drainage for buildings, and participants typically include: practitioners; academics; manufacturers; code authorities; and consultant engineers.

Scope

The scope of the technical programme will include, but is not necessarily be restricted to:

- Water supply
- Drainage (including roof drainage)
- Sanitation
- Rainwater Harvesting and water re-use
- Water Efficiency
- Water Economics
- Materials for water supply and drainage
- Computer modelling
- Sustainability and climate change
- Public health codes and regulations

Call for Papers

All abstracts should be sent to cibw62@hw.ac.uk before Wednesday 25th April 2012. Abstracts must be presented in English and should not exceed 300 words. Acceptance of your abstract will be confirmed by 15th May.
