

## **TG29 - Construction in Developing Countries**

The principal aim of the recently established Task Group TG29 is to study and disseminate the possible ways and means by which the construction industry of developing countries can be continuously improved to enable those countries to fulfil the tasks required in the drive to achieve social and economic progress.

An important component in its Work Programme will be to organise a series of meetings given over to construction in developing countries.

Preliminary information on the first such meeting appears on page
