TG29 - Construction in Developing Countries

The principal aim of the recently established Task Group TG29 is to study and disseminate the possible ways and means by which the construction industry of developing countries can be continuously improved to enable those countries to fulfil the tasks required in the drive to achieve social and economic progress.

An important component in its Work Programme will be to organise a series of meetings given over to construction in developing countries.

Preliminary information on the first such meeting appears on page

TG33 - Concurrent Engineering in Construction

Mr. Matti Hannus, Joint Coordinator of the newly established TG33 (see page ) has lost no time in getting down to business and is convening the first meeting of the Task Group just prior to the Gävle Congress. It has tentatively been set for Tuesday 2nd June 1998 in Stockholm (NB: Stockholm, not Gävle!) at the KTH. Time will be 17.30 - 19.00.

Further details are to be found on the TG33 Home Page:

TG35 - Innovation Systems in Construction

Another new Task Group to emerge from the Programme Committee Meeting in Gaithersburg in February was TG35 - Innovation Systems in Construction.

This will be under the leadership of Mr. André Manseau, Strategic Planning Officer, National Research Council Canada, Institute for Research in Construction.

This will meet in Gävle on Wednesday 10th June 1998 from 17.30 to 19.00 hours.

W24 - Open Industrialisation in Building

Joint Coordinator Professor Asko Sarja is convening a meeting in Gävle on Wednesday 10th June 1998 from 15.30 - 19.00 hours.

The preliminary agenda will be as follows:
