

## CIB NEWS ARTICLE

International Council for Research and Innovation  
in Building and Construction

Providing a global network for international exchange and cooperation in research and innovation in building and construction, in support of an improved building process and of improved performance of the built environment.

January 2006

### CIB and CIB Related Publications in 2005

The objectives of the papers of "The Impact of Culture on the Procurement of Construction and Resulting Construction Performance." were collaboration, tests, and the measurement of the research and W092 performance (creativity, impact, and sustainability). 74 papers were submitted by authors from 24 countries.

The report titled "Deconstruction and Materials Reuse – An International Overview" is the final report of TG39. It is a state-of-the-art report on deconstruction and materials reuse in ten countries: Australia, Germany, Israel, Japan, the Netherlands, New Zealand, Norway, Turkey, the United Kingdom, and the United States. This publication is available in a free downloadable format

The 1st International Intelligent and Green Building Technologies Conference took place on March 2005 in Beijing, China P.R. Over 160 papers are included in the Proceedings covering several themes. 25 paper with abstracts and the rest of the 200 papers are exclusively in English.

Proceedings of the Conference on Sustainable Building South-East Asia (SB04 series) organised by the Construction Technology & Management Centre, Universiti Teknologi Malaysia held in Kuala Lumpur, Malaysia. The proceedings contain papers, addressing multi-faceted issues on sustainable building and construction presented at the conference.

These are the Proceedings of the International Postgraduate Research Conference that took place in April 2005 in Salford, UK. The book contains over 80 papers with several themes. All papers summaries are available on CD-ROM and Report.

Proceedings of CIB W108 "Climate Change and the Built Environment" 4<sup>th</sup> meeting held in April 2005 in Paris, France. Most of the papers produced are also in the meeting report. These proceedings are available in a CD-ROM and Report.

The 10th International Conference on "Durability of Building Materials and Components"- 10DBMC- took place in April 2005 in Lyon, France. The conference Proceedings contains over 250 papers covering several main themes. This publication is available in a free downloadable format

These are the Proceedings of CIB W069 20th Housing Sociology Conference Budapest in October 2003. This compilation of articles includes contributions from different but closely related disciplines and theoretical perspectives. This publication is available in a free downloadable format

[http://cibworld.xs4all.nl/dl/publications/W069\\_Pub301.pdf](http://cibworld.xs4all.nl/dl/publications/W069_Pub301.pdf)

CIB Commission W070 held an International Symposium on "Facilities Management and Maintenance - Understanding the Needs of our Customers" in Hong Kong, China P.R. Over 40 papers are included in the Proceedings and they also maintain 10 themes. These proceedings are available on CD-ROM and as a report.

These are the Proceedings of W099 4th Triennial International Conference: Rethinking and Revitalizing Construction Safety, Health, Environment and Quality, held in May 2005 in Port Elizabeth, South Africa. These proceedings are available on CD-ROM and as a report.

The Proceedings from the W102 International Conference held on May 2005 in Lisbon, Portugal contain over 60 scientific papers plus the following two keynotes: "If .... Then': The Achilles heel for knowledge management" by Peter Brandon. and "Having a knowledge competitive advantage (K-ADV) a social capital perspective" by Derek Walker.

This Agenda on Revaluing Construction, which is a CIB Priority Research Theme, is aiming to define the ways to move the construction industry forward so that the value jointly created is maximised and the resulting rewards equitably distributed between all stakeholder. This brochure is available in a free downloadable format [www.revaluingconstruction.scpm.salford.ac.uk/media/brochure\\_final.pdf](http://www.revaluingconstruction.scpm.salford.ac.uk/media/brochure_final.pdf).

This report draws together several years work in the form of: the results of surveys and workshops in five countries, five mini-reports commissioned for the project and inputs from a variety of workshops and from the project's international scientific panel. This publication is available in a free downloadable format [www.revaluingconstruction.scpm.salford.ac.uk/media/final\\_Report\\_report.pdf](http://www.revaluingconstruction.scpm.salford.ac.uk/media/final_Report_report.pdf).

These are the Proceedings of the International SB05MED Conference on Sustainable Construction: Action for sustainability in the Mediterranean region. Several topics and keynote speeches were presented by Life SB-Med partners. These proceedings are available on CD-ROM and as a report.

This is the Executive Summary of the 11th Joint CIB International Symposium on Combining Forces that took place in June 2005 in Helsinki, Finland. This book contains more than 200 presentations, which are also available on CD-ROM and 7 different books.

These Proceedings are from the 4th Workshop on Construction Information Technology in Education, July 2005 in Dresden, Germany. Only 6 out of 19 abstracts delivered were published in this proceedings. Three keynote speeches were held. This publication is available in a free downloadable format [http://cibworld.xs4all.nl/dl/publications/W078\\_Pub303.pdf](http://cibworld.xs4all.nl/dl/publications/W078_Pub303.pdf)

These are the Proceedings from the 22nd Conference on Information Technology in Construction, July 2005 in Dresden, Germany. The conference papers cover a broad spectrum of topics including: conceptual data modelling, process modelling and management, information and knowledge management, advanced design and simulation methods, studies, analyses and lessons from practice. This publication is available in on CD-ROM and as a report.

Proceedings of CIB W018 on Timber Structure held its annual meeting on August 2005 in Karlsruhe, Germany. This book contains 30 papers and several themes. This publication is available as a report.

The Proceedings of the Conference on Built Environment Complexity held in September 2005 in Liverpool, UK, attracted a wide range of papers with several themes. The proceedings are available free of charge in PDF format, these may be obtained from either of the organizers on request.

These are the Proceedings of the Symposium of CIB Working Commission W062 - Water Supply and Drainage for Buildings, September 2005, Brussels, Belgium. There were 31 papers presented in 6 sessions. The proceedings are available on CD-ROM and as a Report.

These are the Proceedings of the Conference on Sustainable Building SB05 held in Tokyo, Japan in September 2005. Over 600 papers were presented on a variety of topics. The proceedings are available on CD-ROM and as a Report.

These are the Proceedings of the 3rd CITC-III International Conference on Construction in the 21st Century – Advancing Engineering, Management and Technology. A CD-ROM contains conference abstracts, full versions of 151 papers and other related information. The proceedings are available on CD-ROM and as a Report.

Proceedings of CONPAT 2005 Conference took place on September 2005 in Yucatan, Mexico. About 90 papers included in A5 format of 3 volumes and CD-ROM are exclusively in Spanish.

Proceedings of the 11th meeting in Tokyo Japan in September 2005, of CIB Working Commission W104 - Open Building Implementation. There were 14 papers presented in 3 sessions. Some of them contains case studies, analysis, innovative structural and adaptable buildings.

CIB Commission W096 on "Architectural Management" held its annual meeting in November 2005 in Lyngby, Denmark. This special meeting was on "Designing Value: New Directions in Architectural Management". Over 40 papers are included in the Proceedings. The proceedings are available on CD-ROM and as a Report.

CIB Commission W110 on "Informal Settlements and Affordable Housing" held a conference in November 2005 in Surabaya, Indonesia. Papers were presented on the following topics: Sustainable livelihoods in the informal settlements, Stakeholders role in the transfer of technology and Affordable housing for the low income families.

This publication is available in a free downloadable format  
[www.cibworld.nl/website/newsletter/0506/W110Pub.pdf](http://www.cibworld.nl/website/newsletter/0506/W110Pub.pdf)

These are the Proceedings from the 2nd International Scottish Conference for Postgraduate Researchers of the Built and Natural Environment took place in November 2005 in Glasgow, Scotland, UK. About 70 papers and several themes are included in these Proceedings. The proceedings are available on CD-ROM and as a Report.

The book "Clients Driving Construction Innovation: Mapping the Terrain" aims to provide its readers with a comprehensive set of frameworks and practical methods and applications for understanding the drivers, enablers and barriers to innovation in the construction industry and to develop new and effective ways to capture the benefits of innovation. The publication is available as a Report.
